ENJOY THE SIMPLE PLEASURE OF FLYING A KITE

There's just something uplifting about flying a kite. The **kite lot** at the **Stevens Creek Nature Study Area** is one of the best spots around the Bay to fly them.

And, if the wind isn't right for flying a kite, enjoy a stroll on the nearby **Bay Trail**. The trail leads through rich wetland habitat, home to a wide range of local birds.

At end of the trip, head over to the **Shoreline Lake Bistro** for a relaxing lakeside meal.
